REPORT OF TOWN AUDITORS

On January 28th we examined all books and accounts of the Town Officers in the Selectmen's Office in Hebron.

All vouchers were checked with the Selectmen's Receipts and Payment Book. All voucher numbers were accounted for and each voucher had attached invoices, time sheets or other supporting evidence. The Treasurer's accounts were checked and found to be properly signed and in good order. The bank balance was reconciled with the Cash Book balance. The Clerk's accounts were checked. The Tax Collector's accounts were checked and spot checks made on the Tax Books and Blotter. The bonds of the Town Officers, Trustees of Trust Funds and all insurance policies carried by the Town were examined and found to be in order.

All Town Books were found correct and the Town Audit Report was filed with the State Tax Commission as required.

REPORT OF STATE HEALTH OFFICER

The following is a report of the activities carried on for your town by the N. H. Department of Health, Bureau Public Health Nursing, for the year 1956.

The children of Hebron were included in the Salk Vaccine program for protection against poliomyelitis in the clinics held at Plymouth in January, July, October and November, 1956.

A total of about 25 children, between the ages of six months and 20 years completed two shots of the vaccine. The children who received their first shots with the October, 1955, group received their third or booster shots at the November clinic. There were three in this group. The children of High School age were given shots at the High Schools where they attended. A little better than 80 percent of eligible children in the community took advantage of this program.

I wish to express my thanks to Mrs. Williams, the School Nurse, members of the school personnel and any who furnished transportation or assisted in any way to make this available to the Hebron children.

Home visits have also been made on infants, pre-school children and mothers, and assistance given where necessary.

Respectfully submitted,

LOIS BARTON, R.N.,

Public Health Nurse,
N. H. Department of Health

SUPERINTENDENT'S REPORT

At this writing it seems that Hebron will again need to meet a small deficiency of approximately \$200. This is due to an increase in the cost of transportation of somewhat more than this figure. In a small school district budget it is impossible to have much leeway nor is it too desirable. Yet when items are figured on actual needs deficiencies will be quite common due to new pupils attending high school, increases in transportation, or emergency repairs. We all know that costs of operating a car have increased materially in the past few years and everything points to more of the same in the years to come. Your understanding of these problems in the past has been appreciated.

Respectfully submitted,

C. MAURICE GRAY,

Supt.
